

SAT[®] Program Alternate Test Date Policy

The College Board and the SAT[®] Program fully support the efforts of organizations to promote strong education in American schools. We encourage students who expect to participate in competitions that conflict with SAT administration dates to register for one of the six other dates available.

Criteria for Granting an Alternate Test Date

The SAT Program will consider granting an alternate test date when the following criteria are met:

1. **The conflicting event must be unexpected.** Regularly scheduled sporting events or previously scheduled school activities, such as a prom, are not considered unexpected. An event such as an academic or athletic competition, in which students have advanced through the competition or into postregular season competition, is considered an unexpected event.
2. **The conflicting event must be school sanctioned.** Events scheduled by outside organizations, private clubs or recreational sports programs are not considered school sanctioned.
3. **The students involved in the event must be registered for the SAT test date in question.** Alternate test dates can only be offered to students who are already registered for the conflicting test date.
4. **Schools may request no more than two alternate test dates during a school year.**

What Schools Should Do

- Help students choose and register for a test date that won't interfere with competitive events in which they might participate. (See page 2 for other test dates.)
- Encourage students to try to transfer to another test date that meets their needs.
- If students cannot transfer to another regular SAT test date, **school officials** — not students or parents — can request that their students be allowed to test on an alternate date.

REQUESTING AN ALTERNATE TEST DATE:

Only school officials can request an alternate test date. Students and parents should not contact the College Board independently. They must work through their schools to make arrangements. School officials should follow these steps:

- Submit the request on school letterhead and have it signed by the principal. Include the regular SAT test date for which an alternate test date is needed and the alternate date you propose to administer the SAT.
- Include a list of students with their registration numbers for the SAT administration.
- Fax your request immediately to 609-771-7710 (Attention: Alternate Test Date Request). **We must receive your request no later than 10 working days before the regular SAT test date.** You may also mail it to SAT Program Alternate Test Date Request, P.O. Box 6200, Princeton, NJ 08541-6200.

- School officials who have additional questions should contact Test Administration Services at 800-257-5123 or tas@ets.org. (This contact information is for use by school officials only. Please direct students to contact SAT Customer Service at the number listed on page 2.)
